

Mid-term Exam #1 for All Sections of Physics 1062

○ When and Where: Wednesday October 9, 4:00-5:00PM in Gladfelter Hall 13

- The exam will consist of 2 problems covering the content of Units 1-4. These 2 solutions, where you are expected to show your explanations, must be constructed using the IRDEA worksheet. The worksheets will be provided with the wording of problems and a copy of the equation sheet which is already posted on Canvas in the Midterm exam module. We will provide you with extra paper when needed.
- Mid-term exam is worth 126 pts.
- Please bring your TU ID. A proctor will check your ID at some point before, during and/or after the exam.
- Remember also to bring a pen or pencil, eraser and calculator (check the batteries of your calculator).
- No cellphones, no smartwatches, no hat, no hoodies, and no headphones or earbuds are allowed during the exam.
- You should use the restroom before any exam, as there will be no restroom trips during the exam.
- Because the mid-term is a common exam, students with academic conflict must contact the coordinator via email with a request of make-up time **at least ONE week** prior to the mid-term exam. For students with documented academic time conflict, make-up time will be offered on the next day after the regular mid-term i.e., **Thursday, October 10th at 4-5PM in SERC 408.**
